affirmations and time-tested wisdom. In our 24/7 world, where we move at warp speed, sometimes we let life happen to us instead of taking control of our direction. Other times, we suffer from information overload, and we fail to consciously control our positive thoughts, and we allow negativity to take over. Canfield, with the help of esteemed coauthors Kelly Johnson and Ram Ganglani, explains what positive affirmations are (and what they are not), why they are so effective, and how to effortlessly integrate their practice into your life.
