Updated October 01, 2019 History is the study of the human past as it is described in written documents left behind by humans. The past, with all of its complicated choices and events, participants dead and history told, is what the general public perceives to be the immutable bedrock on which historians and archaeologists stand.

What Is History? A Collection of Definitions

The history of the world isn't easily condensed, but the timeline here does a good job of hitting the high notes and most significant events of roughly 4,000 years from the beginnings of Hinduism to the freeing of Nelson Mandela. After Columbus sailed and Constantinople fell, Europeans continued to search out trading routes and thinkers [ ]
