~~Abnormal Psychology, 14th Edition - pearson.com~~

It's a good read that goes far to explain abnormal psychology. I don't know if the 16th edition has much to offer more than the 15th (other than DSM-5 input), but the DSM-5 is under review and expected to update so we can also expect a 17th very soon after. I would rent this book for class and buy the 15th (or 14th) edition after class.
