Across the Wide Dark Sea. Dial Books. Meet the Author. As a child, Jean Van Leeuwen always had a book in her hands—when visiting, in the car, or even under her bed covers. She started to write her first book, a horse story, in the sixth grade. She didn't have a plan for the book, though, so she gave up on it after only a few chapters.

on another entertaining—and historically unassailable—journey through the landmarks of art and bloodshed that defined Greek culture nearly three millennia ago. In the city-states of Athens and Sparta and throughout the Greek islands, honors could be won in making love and war, and lives were rife with contradictions. By developing the alphabet, the Greeks empowered the reader, demystified experience, and opened the way for civil discussion and experimentation—yet they kept slaves. The glorious verses of the Iliad recount a conflict in which rage and outrage spur men to action and suggest that their “bellicose society of gleaming metals and rattling weapons” is not so very distant from more recent campaigns of “shock and awe.” And, centuries before Zorba, Greece was a land where music, dance, and freely flowing wine were essential to the high life. Granting equal time to the sacred and the profane, Cahill rivets our attention to the legacies of an ancient and enduring worldview. **BONUS MATERIAL:** This ebook edition includes an excerpt from Thomas Cahill's Heretics and Heroes.

bestselling author of the Shatter Me series comes a powerful, heartrending contemporary novel about fear, first love, and the devastating impact of prejudice. It ' s 2002, a year after 9/11. It ' s an extremely turbulent time politically, but especially so for someone like Shirin, a sixteen-year-old Muslim girl who ' s tired of being stereotyped. Shirin is never surprised by how horrible people can be. She ' s tired of the rude stares, the degrading comments—even the physical violence—she endures as a result of her race, her religion, and the hijab she wears every day. So she ' s built up protective walls and refuses to let anyone close enough to hurt her. Instead, she drowns her frustrations in music and spends her afternoons break-dancing with her brother. But then she meets Ocean James. He ' s the first person in forever who really seems to want to get to know Shirin. It terrifies her—they seem to come from two irreconcilable worlds—and Shirin has had her guard up for so long that she ' s not sure she ' ll ever be able to let it down.

The sixteenth volume in the Aubrey/Maturin series, and Patrick O'Brian's first bestseller in the United States. At the outset of this adventure filled with disaster and delight, Jack Aubrey and Stephen Maturin pursue an American privateer through the Great South Sea. The strange color of the ocean reminds Stephen of Homer's famous description, and portends an underwater volcanic eruption that will create a new island overnight and leave an indelible impression on the reader's imagination. Their ship, the Surprise, is now also a privateer, the better to escape diplomatic complications from Stephen's mission, which is to ignite the revolutionary tinder of South America. Jack will survive a desperate open boat journey and come face to face with his illegitimate black son; Stephen, caught up in the aftermath of his failed coup, will flee for his life into the high, frozen wastes of the Andes; and Patrick O'Brian's brilliantly detailed narrative will reunite them at last in a breathtaking chase through stormy seas and icebergs south of Cape Horn, where the hunters suddenly become the hunted.
