Inspiration, Harmony, Abundance all with Balanced Thought...are these your goals for a better life? Is it right or is it wrong? Is it good or is it damaging? Why do we have to ask ourselves these questions all the time? We have double standards. We believe that evil is real. We believe that something can harm us. The truth is, however, that we are perfect beings of light, indestructible and pure. We have only fallen into the mist of misunderstanding and are acting according to our fears...

Fallen gods. Cloned queens. Psychokinetic squirrels. Atomic werewolves. Hippie zombies. Jell-O monsters. Butter monsters. Booger monsters. An army of philosophers bent on world domination. A cybernetically-enhanced donut maker. The horned-up ghosts of elderly lady serial killers. The frozen head of Walt Sidney. Earthquakes. Fire tornados. A global volcanic winter. A supermassive extradimensional black hole. Dr. Vanilla Ice II. And that's literally not even the half of it. Five books. Seventeen stories. More f-bombs than Microsoft Word can count. Ten years of EXPONENTIAL APOCALYPSE are collected into a single volume, an omnibus that, like a stoner's rug, ties everything together, from the first doomsday to the very last. THE END OF EVERYTHING FOREVER is a fifty-year epic of extinction events, the genre-spanning saga of a planet in perpetual peril, a world that can't seem to stop itself from ending – and all the nihilists and nutcases, the anti-heroes and con artists and mad scientists and slackers, that keep trying to save it. Even if it is only because there's nothing on TV that day. With a foreword by Danger Slater. "If The Avengers was written by Terry Pratchett and directed by Kevin Smith, you might end up in the same dimension as the Exponential Apocalypse series." – Kat Clay, Radiant Attack

A young bird, safe in its nest, debates whether or not to risk trying its wings.

Colin Thompson's books are mystical and complex, they will appeal to children and adults alike and demand to be returned to as there is always a new image to see . . . something more to catch the eye. Peter and his family live among the Quinces in the cookery section of a mystical library, and at night, when the library comes to life, Peter ventures out of his home to find a missing volume: How To Live Forever

The Beginning after the EndA beautiful Story of real Love and Devotion What can the fear of losing the ones we love push us to do? In Chrissie's case, it has pushed her to distance herself from Allan, the man she loves more than anything else in the world. She knows he will not marry her, that they don't have a future together. But why does "out of sight" not mean "out of mind"? The wall that Chrissie has built around herself becomes a prison. As she fights for survival in the cold world she has created, she gets an unexpected letter from Allan. This letter changes her life forever. "Hafsa Idrees tells an extraordinary story that will make you think about life, death, love and faith like nothing before. The Beginning after the End is a book with a big big heart and a deep deep soul. You don't enter its world - it enters yours." Roy Eynhallow, EynhallowBooks.com The Beginning after the End is the debut novel by Hafsa Idrees. A young writer of contemporary literary fiction, she explores the woman's inner world and shows a path of transformation from selfish to selfless love. What readers say... Pat McDonald: "...This book was probably one of the most thought provoking books I have read in a long time. It is the first written by the young Author Hafsa Idrees, and reveals a level of maturity that is exceptional for her age. It is a love story, yet describes a pure love between friends that is quite enchanting.... jispina: "...A moving and emotional story of love, loss and heartache. The characters are filled with angst and emotionally charged. This reader felt their pain and heartache. This was a different type of a love story in that the main character had to learn how to live on her own and not be too dependent on others... Mr. C. A. Meade ...Hafsa Idrees shows a real understanding of the secrets of the human heart and this comes out beautifully throughout this excellent book. I have no hesitation in recommending it to all readers of good literature or in giving it five stars... Enjoy this short excerpt from the novel "Allan," I whispered. "You are the man of your words." A brief moment of silence and I spoke again. "I would come here every day to check up on you. Don't make me miss you much, okay? It's terrible!" I was talking to the bulging mud like a four-year-old kid. "You don't have to come here every day. I live right in your heart," my heart told me. "Do you?" "Yes." "I will miss your face, Call!" I closed my eyes and I could see him smiling. "This way," my heart spoke again, "whenever you feel alone or miss me, just look at the spaces between your fingers. Remember that in these spaces, you can always see my fingers locked with yours forever." "Eall! You are making me cry," I whispered, smiling through my tears. "No! You are strong. I have faith in this. Don't disappoint me," said the quiet voice. I placed both my hands on my heart and closed my eyes. With a sore tear I said: "No, I won't. I won't, ever!" I opened my eyes and got up, waved and whispered: I love you. Miss me!" I turned and started walking towards the road. My heart was very heavy. I was sniffling again and again, trying not to let the tears seep through the eyelids. "You were my bestest buddy, a close friend, my baby. I just want you to know that behind you there will always be me." "I was nodding and a voice from my heart was quietly telling me: "You offered me something which I couldn't ever buy - your precious pure love!" My heart skipped a beat and I kept walking... Buy your copy of this exceptional love story for Kindle or get the printed book!

Coaching is an essential skill for leaders. But for most busy, overworked managers, coaching employees is done badly, or not at all. They're just too busy, and it's too hard to change. But what if managers could coach their people in 10 minutes or less? In Michael Bungay Stanier's The Coaching Habit, coaching becomes a regular, informal part of your day so managers and their teams can work less hard and have more impact. Coaching is an art and it's far easier said than done. It takes courage to ask a question rather than offer up advice, provide an answer, or unleash a solution. Giving another person the opportunity to find their own way, make their own mistakes, and create their own wisdom is both brave and vulnerable. It can also mean unlearning our "fix it" habits. In this practical and inspiring book, Michael shares seven transformative questions that can make a difference in how we lead and support. And, he guides us through the tricky part - how to take this new information and turn it into habits and a daily practice. -Brené Brown, author of Rising Strong and Daring Greatly Drawing on years of experience training more than 10,000 busy managers from around the globe in practical, everyday coaching skills, Bungay Stanier reveals how to unlock your peoples' potential. He unpacks seven essential coaching questions to demonstrate how--by saying less and asking more--you can develop coaching methods that produce great results. - Get straight to the point in any conversation with The Kickstart Question - Stay on track during any interaction with The AWE Question - Save hours of time for yourself with The Lazy Question, and hours of time for others with The Strategic Question - Get to the heart of any interpersonal or external challenge with The Focus Question and The Foundation Question - Finally, ensure others find your coaching as beneficial as you do with The Learning Question A fresh, innovative take on the traditional how-to manual, the book combines insider information with research based in neuroscience and behavioural economics, together with interactive training tools to turn practical advice into practiced habits. Dynamic question-and-answer sections help identify old habits and kick-start new behaviour, making sure you get the most out of all seven chapters. Witty and conversational, The Coaching Habit takes your work--and your workplace--from good to great.

An argument for retaining the notion of personal property in the products we "buy" in the digital marketplace. If you buy a book at the bookstore, you own it. You can take it home, scribble in the margins, put in on the shelf, lend it to a friend, sell it at a garage sale. But is the same thing true for the ebooks or other digital goods you buy? Retailers and copyright holders argue that you don't own those purchases, you merely license them. That means your ebook vendor can delete the book from your device without warning or explanation--as Amazon deleted Orwell's 1984 from the Kindles of surprised readers several years ago. These readers thought they owned their copies of 1984. Until, it turned out, they didn't. In The End of Ownership, Aaron Perzanowski and Jason Schultz explore how notions of ownership have shifted in the digital marketplace, and make an argument for the benefits of personal property. Of course, ebooks, cloud storage, streaming, and other digital goods offer users convenience and flexibility. But, Perzanowski and Schultz warn, consumers should be aware of the tradeoffs involving user constraints, permanence, and privacy. The rights of private property are clear, but few people manage to read their end user agreements. Perzanowski and Schultz argue that introducing aspects of private property and ownership into the digital marketplace would offer both legal and economic benefits. But, most important, it would affirm our sense of self-direction and autonomy. If we own our purchases, we are free to make whatever lawful use of them we please. Technology need not constrain our freedom; it can also empower us.

A couple embarks on a journey of self-discovery when they decide to take a year off from their troubled marriage to see if they can fall in love again. By the author of Forever, Interrupted. Original.

"A classic space opera...a universe we've never seen before." —Delliah S. Dawson. New York Times bestselling author From Hugo Award finalist Max Gladstone comes a smart, swashbuckling, wildly imaginative adventure: the saga of a rag-tag team of brilliant misfits, dangerous renegades, and enhanced outlaws in a war-torn future. A wildly successful innovator to rival Steve Jobs or Elon Musk, Vivian Liao is prone to radical thinking, quick decision-making, and reckless action. On the eve of her greatest achievement, she tries to outrun people who are trying to steal her success. In the chilly darkness of a Boston server farm, Viv sets her ultimate plan into motion. A terrifying instant later, Vivian Liao is catapulted through space and time to a far future where she confronts a destiny stranger and more deadly than she could ever imagine. The end of time is ruled by an ancient, powerful Empress who blesses or blasts entire planets with a single thought. Rebellion is literally impossible to consider--until Vivian Liao arrives. Trapped between the Pride—a ravening horde of sentient machines—and a fanatical sect of warrior monks who call themselves the Mirrorfaith, Viv must rally a strange group of allies to confront the Empress and find a way back to the world and life she left behind. A magnificent work of vivid imagination and universe-spanning action, Empress of Forever is a feminist Guardians of the Galaxy crossed with Star Wars and spiced with the sensibility and spirit of Iain M. Banks and William Gibson.

Visions of post-apocalyptic worlds have proved to be irresistible for many 21st-century writers, from literary novelists to fantasy and young adult writers. Exploring a wide range of texts, from the works of Margaret Atwood, Cormac McCarthy, Tom Perrotta and Emily St. John Mandel to young adult novels such as Suzanne Collins's The Hunger Games series, this is the first critical introduction to contemporary apocalyptic fiction. Exploring the cultural and political contexts of these writings and their echoes in popular media, Apocalyptic Fiction also examines how contemporary apocalyptic texts looks back to earlier writings by the likes of Mary Shelley, H.G. Wells and J.G. Ballard. Apocalyptic Fiction includes an annotated guide to secondary readings, making this an essential guide for students of contemporary fiction at all levels.
