~~Protestantism—The Reformation in England and Scotland ...~~
For generations the first English Protestants were regarded as the harbingers of post-medieval enlightenment and the founders of English national identity. Then about thirty years ago they began to be stigmatized as a revolutionary and destructive minority who first undermined and then destroyed a perfectly viable church, and permanently damaged the spiritual life of the country.

great schools of thought that arose in the Reformation, the Lutheran and the Reformed. In England in the early 17th century, the word was used to denote “orthodox” Protestants as opposed to those who were regarded by Anglicans as unorthodox, such as the Baptists or the Quakers. Roman Catholics, however, used it for all who claimed to be Christian but opposed Catholicism (except the Eastern churches).

Protestantism originated from the Protestation at Speyer in 1529, where the nobility protested against enforcement of the Edict of Worms which subjected advocates of Lutheranism to forfeiture of all of their property.

~~History of Protestantism—Wikipedia~~

Protestantism is a denomination of Christianity. It is the second-largest denomination of Christianity (after Catholicism) with a total of 800 million to 1 billion adherents worldwide or about 37% of all Christians. It originated with the 16th-century Reformation, a movement against what its followers perceived to be errors in the Catholic Church.

decades of the sixteenth century, have tended to be marginalised. These essays draw attention to those critical early years, and to the importance of the evangelical movement in the making of England's religious revolution. By considering themes such as conversion and martyrdom, gender and authority, printing and propaganda, and the long shadow of medieval religious culture, the authors show early English Protestantism to have been a complex and many-headed movement. Rather than assuming the onward march of Protestantism, the essays reveal the unpredictable and deeply-contested process by which an English Protestant identity came to be formed.

Aspects of English Protestantism examines the

reverberations of the Protestant Reformation, which contented up until the end of the 17th century. In this wide-ranging book Nicholas Tyacke looks at the history of Puritanism, from the Reformation itself, and the new marketplace of ideas that opened up, to the establishment of the freedom of worship for Protestant non-conformists in 1689. Tyacke also looks at the theology of the Restoration Church, and the relationship between religion and science.

Some of the sons and grandsons of the English Reformation, the 'hotter sort', were known to their contemporaries as 'puritans', but they called themselves 'the godly'. This career-spanning collection of essays by Patrick Collinson, Regius Professor of Modern History at Cambridge University, deals

with numerous aspects of the religious culture of post-Reformation England and its implications for the politics, mentality, and social relations of the Elizabethans and Jacobeans.

A sumptuously written people's history and a major retelling and reinterpretation of the story of the English Reformation Centuries on, what the Reformation was and what it accomplished remain deeply contentious. Peter Marshall's sweeping new history—the first major overview for general readers in a generation—argues that sixteenth-century England was a society neither desperate for nor allergic to

change, but one open to ideas of “reform” in various competing guises. King Henry VIII wanted an orderly, uniform Reformation, but his actions opened a Pandora’s Box from which pluralism and diversity flowed and rooted themselves in English life. With sensitivity to individual experience as well as masterfully synthesizing historical and institutional developments, Marshall frames the perceptions and actions of people great and small, from monarchs and bishops to ordinary families and ecclesiastics, against a backdrop of profound change that altered the meanings of “religion” itself. This engaging history reveals what was really at stake in the overthrow of Catholic culture and the reshaping of the English Church.

This Christian classic tells the stories of brave men and women who were martyred for their faith in the fourteenth through sixteenth centuries.

An innovative and compelling study of puritanism that follows the full sweep of the movement's history in England and America Begun in the mid-sixteenth century by Protestant nonconformists keen to reform England's church and society while saving their own souls, the puritan movement was a major catalyst in the great cultural changes that transformed the early modern world. Providing a uniquely broad transatlantic perspective, this groundbreaking volume traces

puritanism's tumultuous history from its initial attempts to reshape the Church of England to its establishment of godly republics in both England and America and its demise at the end of the seventeenth century. Shedding new light on puritans whose impact was far-reaching as well as on those who left only limited traces behind them, Michael Winship delineates puritanism's triumphs and tribulations and shows how the puritan project of creating reformed churches working closely with intolerant godly governments evolved and broke down over time in response to changing geographical, political, and religious exigencies.

A detailed study of the first two Anglo-Dutch Wars and the ideological contexts in which they were fought.
