Remedy IT Service Management Suite 9.1 - BMC Software

BMC Service Management Process Model. IT Information Library (ITIL) describes best practices at a high level. It provides guidance on steps to take, processes, and workflows. Organizations are then free to implement the work-level procedures for daily activities that apply to their requirements. The BMC Service Management Process Model illustrates how ITIL

processes map to work instructions performed in the BMC Remedy IT Service Management (BMC Remedy ITSM) applications.
