tension between the belief in personal autonomy and the domination of a powerful corporate culture. Richly anecdotal and accessibly written, Leidner's book charts new territory in the sociology of work. With service sector work becoming increasingly important in American business, her timely study is

the American dream. His parents, Luther and Lenora Cain, made a living the only way black people could in the 1940s and 1950s. Luther held down three jobs, including being a chauffeur; Lenora cleaned houses. They had two big dreams: to buy a house and to see their sons graduate from college. With dedication

and hard work, they made both these dreams come true. In this thrilling memoir, Herman Cain describes his past and present . . . and the future he is determined to create, a future that will put our country back on track. His message resonates because he describes the American reality, and his down-to-earth personal tale of
