Do your cakes collapse, soufflés slump, cookies crumble, and fruit pies fail? For those living at high altitude, baking can be a challenge at best, or a total disaster. More than thirty-four of the fifty United States, plus many Canadian regions, have cities and towns at altitudes of more than 2,500 feet, yet there are hardly any cookbooks that address the special needs of these local bakers. Until now. Award-winning cookbook author Susan G. Purdy has finally written the first-ever foolproof guide to high-altitude baking. Purdy has actually "gone there and done that," staying as long as it took to bake these recipes to perfection at five different locations -- and elevations -- across the country. In *Pie in the Sky*, Purdy leaves behind old conversion tables, disproves many oft-repeated calculations and adjustments, and presents reliable recipes in their entirety for each altitude. She takes out the tinkering and guarantees success at any height. In addition, she explains the hows and whys, gives tips and hints for problems specific to every altitude, and generally demystifies the subject of atmospheric obstacles that cause favorite recipes to flop. Whether they live in the eastern mountains or the far west, in Boston, Massachusetts; Boone, North Carolina; or Santa Fe, New Mexico; home bakers as well as experienced chefs will love the wide range of easy-to-make treats including Mile-High Lemon Meringue Pie, Coconut Cake with Coconut Icing, Paradise Peak Chocolate Soufflé, Vail Lemon-Poppy Seed Loaf, Celestial Challah, and Sour Cream Streusel Coffee Cake. Every recipe was tested at sea level (Connecticut), 3,000 feet (North Carolina and Virginia), 5,000 feet (Idaho and Colorado), 7,000 feet (New Mexico), and 10,000 feet (Colorado) and can be used at these elevations or any points in between.

From the James Beard Award nominee, a comprehensive baking bible for the twenty-first century, with 120 scientifically grounded recipes for sweet and savory baked goods anyone can master. "A very good combination: Baking science all of us can understand and a splendid collection of recipes. . . . A baker's must!" —Dorie Greenspan, author of *Dorie's Cookies and Everyday* Dorie Melissa Weller is the baking superstar of our time. As the head baker at some of the best restaurants in the country, her takes on chocolate babka and sticky buns brought these classics back to life and kicked off a nationwide movement. In *A Good Bake*, Weller shares her meticulously honed, carefully detailed recipes for producing impossibly delicious--and impossibly beautiful--baked goods. A chemical engineer before she became a baker, Weller uses her scientific background to explain the whys and hows of baking, so home cooks can achieve perfect results every time. Here are recipes both sweet (Pumpkin Layer Cake with Salted Caramel Buttercream and Brown Sugar Frosting) and savory (Khachapuri with Cheese, Baked Egg, and Nigella Seeds); beloved classics (Croissants and Chocolate Babka) and new sure-to-be favorites (Milk Chocolate and Raspberry Blondies)--as well as Salted Caramel Sticky Buns, of course . . . all written and tested for even the most novice home baker to re-create. With gorgeous photographs by the award-winning Johnny Miller, and tutorials that demystify all of the stuff that sounds complicated, like working with yeast, sourdough starters, and laminating dough Weller's book is the one guide every home baker needs.

Over two hundred timeand taste-proven recipes for an extensive range of plain and fancy dessert pastries from the baking kitchen of a famous restaurateur and baker

Christmas Cookie and Cake Cookbook provides the inspiration to explore the wonderful world of baking. And of course it includes the tested recipes to make it easy and tasty.
