Can Science Fix Climate Change

In "Can Science Fix Climate Change?", Mike Hulme, Professor of Climate and Culture at King's College London, makes a case against geo-engineering to mitigate the effects of climate change, particularly against stratospheric aerosol injection, a theoretical technology that has been much-discussed in recent years.

Can Science Fix Climate Change?: A Case Against Climate ...

Drawing upon a distinguished career studying the science, politics and ethics of climate change, he shows why using science to fix the global climate is undesirable, ungovernable and unattainable. Science and technology should instead serve the more pragmatic goals of increasing societal resilience to weather risks, improving regional air quality and driving forward an energy technology transition.

Can Science Fix Climate Change?: A Case Against Climate Engineering (New Human Frontiers) eBook: Mike Hulme: Amazon.co.uk: Kindle Store

Can Science Fix Climate Change?: A Case Against Climate ...

The Plan A of climate change mitigation – namely an international agreement to cut emissions – isn't working, as demonstrated by the unsatisfactory outcome of the 2009 Copenhagen summit. Can science provide us with a Plan B? In this short and readable book, Mike Hulme, author of Why We ...

CAN SCIENCE FIX CLIMATE CHANGE? by Mike Hulme ...

As political solutions to climate change have so far had little impact, some climate change scientists are now advocating the so-called 'Plan B', a more direct way of reducing the rate of future warming by reflecting more sunlight back to space, creating a thermostat in the sky.
