The New York Times bestselling novel about a young man practicing magic in the real world, now an original series on SYFY “The Magicians is to Harry Potter as a shot of Irish whiskey is to a glass of weak tea. . . . Hogwarts was never like this.” –George R.R. Martin “Sad, hilarious, beautiful, and essential to anyone who cares about modern fantasy.” –Joe Hill “A very knowing and wonderful take on the wizard school genre.” –John Green “The Magicians may just be the most subversive, gripping and enchanting fantasy novel I’ve read this century.” –Cory Doctorow “This gripping novel draws on the conventions of contemporary and classic fantasy novels in order to upend them . . . an unexpectedly moving coming-of-age story.” –The New Yorker “The best urban fantasy in years.” –A.V. Quentin Coldwater is brilliant but miserable. A high school math genius, he’s secretly fascinated with a series of children’s fantasy novels set in a magical land called Fillory, and real life is disappointing by comparison. When Quentin is unexpectedly admitted to an elite, secret college of magic, it looks like

his wildest dreams have come true. But his newfound powers lead him down a rabbit hole of hedonism and disillusionment, and ultimately to the dark secret behind the story of Fillory. The land of his childhood fantasies turns out to be much darker and more dangerous than he ever could have imagined. . . . The prequel to the New York Times bestselling book *The Magician King* and the #1 bestseller *The Magician's Land*, *The Magicians* is one of the most daring and inventive works of literary fantasy in years. No one who has escaped into the worlds of Narnia and Harry Potter should miss this breathtaking return to the landscape of the imagination.

Return to Fillory in the riveting sequel to the New York Times bestseller and literary phenomenon, *The Magicians*, now an original series on SYFY, from the author of the #1 bestselling *The Magician's Land*. Quentin Coldwater should be happy. He escaped a miserable Brooklyn childhood, matriculated at a secret college for magic, and graduated to discover that Fillory—a fictional utopia—was actually real. But even as a Fillorian king, Quentin finds little peace. His old restlessness returns, and he longs for the thrills a heroic quest can bring. Accompanied by his oldest friend, Julia, Quentin sets off—only to somehow wind up back in the real world and not in Fillory, as they'd hoped. As the pair struggle to find their way back to

their lost kingdom, Quentin is forced to rely on Julia's illicitly learned sorcery as they face a sinister threat in a world very far from the beloved fantasy novels of their youth.

The stunning conclusion to the #1 New York Times bestselling Magicians trilogy, now an original series on SYFY #1 NEW YORK TIMES BESTSELLER A NEW YORK TIMES NOTABLE BOOK OF THE YEAR ONE OF THE YEAR'S BEST BOOKS The San Francisco Chronicle • Salon • The Christian Science Monitor • AV Club • BuzzFeed • Kirkus • NY 1 • Bustle • The Globe and Mail Quentin Coldwater has been cast out of Fillory, the secret magical land of his childhood dreams. With nothing left to lose he returns to where his story began, the Brakebills Preparatory College of Magic. But he can't hide from his past, and it's not long before it comes looking for him. Along with Plum, a brilliant young undergraduate with a dark secret of her own, Quentin sets out on a crooked path through a magical demimonde of gray magic and desperate characters. But all roads lead back to Fillory, and his new life takes him to old haunts, like Antarctica, and to buried secrets and old friends he thought were lost forever. He uncovers the key to a sorcery masterwork, a spell that could create magical utopia, a new Fillory—but casting it will set in motion a chain of events that will bring Earth and Fillory crashing together. To save them he will have to risk sacrificing

everything. The Magician's Land is an intricate thriller, a fantastical epic, and an epic of love and redemption that brings the Magicians trilogy to a magnificent conclusion, confirming it as one of the great achievements in modern fantasy. It's the story of a boy becoming a man, an apprentice becoming a master, and a broken land finally becoming whole.

The lost literary origin story of #1 bestseller Lev Grossman - including a new foreword about how and why he wrote his first novel: "It is the intense, concentrated, boiled-down essence of the unhappiest years of my life." Twenty-something Hollis Kessler languishes in a hopelessly magician-less world (with the exception of a fleet-footed nymph named Xanthe) not too far from where he graduated college. His friends do, too. They sleep late, read too much, drink too much, talk too much, and work and earn and do way too little. But Hollis does have an obsession: there's another world going on in his head, a world of excitement and danger and starships and romance, and it's telling him that it's time to stop dreaming and get serious. This re-publication of Lev Grossman's debut novel, *Warp*, shows the roots of his *Magicians* hero Quentin Coldwater in a book that is for anyone (and everyone) who has ever felt adrift in their own life.

From #1 New York Times bestselling author Lev Grossman comes a magical-realist romance that turns the Groundhog Day premise inside-out and upside-down—coming soon to Amazon as a major motion picture. Mark is 17-years-old

and trapped in a time loop, and that's just fine with him. It's summertime and he's spending this one infinitely repeating day reading his way through the town library. Then he discovers someone else in the loop with him: the brilliant, haunted Margaret. Together Mark and Margaret set out to find every wonderful, amazing, perfect thing that happens in that one day—a journey that will take them to the dark secret that waits at the very heart of their endless day. Thrilling, funny, and deeply romantic, this novella is perfect for fans of John Green, Nicola Yoon, and Jandy Nelson.

The thrilling sequel to #1 NYT bestselling author Lev Grossman's *The Silver Arrow*, in which Kate and Tom confront the limits of what even magic can do. A lot has changed for Kate in a year. She and Tom are now full-fledged conductors of the steam-powered, animal-saving Great Secret Intercontinental Railway. Life is good! Or good-ish, anyway. Her uncle Herbert has gone missing, and the worsening climate means that there are more and more animals that need help all the time. How many times does Kate have to save the world before it stays saved? And her real life isn't exactly perfect either. She flunked her audition for the junior high musical and got stuck in the chorus, while her archenemy Jag got a lead. So, out of desperation, Kate breaks the rules and takes the *Silver Arrow* out on an unsanctioned

mission, to find Uncle Herbert and bring back balance to the world. But she quickly discovers she's not the only one on the Great Secret Intercontinental Railway. There's a mysterious train called the Golden Swift out there too, with an agenda of its own. Is it an ally? A rival? An enemy? A bit of all three? The question will turn Kate's world upside down, take her from the Scottish Highlands to the Australian outback to the bottom of the Bering Sea, and lead her straight on a collision course with the mysterious masters of the Great Secret Intercontinental Railway itself. Because when you're a human being fighting to save nature, are you the hero or are you the villain? There are no simple answers.
