~~Comparative Federalism and Intergovernmental Agreements ...~~

Intergovernmental agreements are an important instrument in federal systems, establishing new social programs, regulating agricultural practices, and even changing constitutions. Despite their importance, there have only been limited attempts to understand agreements in a comparative context or to provide a theoretical framework for their study.

federalism such as dual and cooperative federal systems. We hypothesize that the use of such agreements aims at enhancing the efficiency of public policy-making, independently of the type of federal system. In other words, while the literature has shown that intergovernmental agreements fulfil a variety of different functions,
