Experiencing the World's Religions provides a clear and compelling account of the world's major religious traditions. With an engaging narrative and powerful photographs from around the globe, the text conveys the vitality and richness of the world's religions. It views religion as a living cultural wellspring that not only concerns systems of belief but how those beliefs are expressed in ceremonies, food, clothing, art, architecture, pilgrimage, scripture, and music. The text goes beyond traditional approaches to personally connect students with the traditions discussed. With additional pedagogy, primary source excerpts, expanded discussion of religious controversies, and more, this fifth edition has been thoroughly updated in both content and design to provide students with a better understanding of religion and the world at large.

"Religions speak in symbols-fire, cloud, hills and high places, darkness and light, incense, candles, colors. Religions, though, perhaps love water best. Buddhists use water for blessing. Hindus purify themselves in rivers. Christians undergo baptism in

water as a rite of initiation. Followers of Islam and Shinto cleanse themselves with water before prayer. Water means change, purification, and new beginnings. Because water can signify so much to us, it is the major symbol of this book. By studying many religions, we also hope to be cleansed and brought to new life. This book was written for my students. Keeping their needs in mind, I have tried to provide what is essential and to present it in clear language. I want to talk about doctrine and practice. Yet I also hope to show some of those things that have captivated me: religious music, art, and architecture. I want to show my respect for all religious traditions, both in a scholarly and an approachable way. Finally, I hope to invite students not only to read about religions, but also to experience them firsthand. It is like the difference between reading maps of a country and then actually traveling on its roads and seeing its sights. Experience brings the prize"--

Price examines religions across the world, offering an insight into each tradition's views of the world, through their scriptural texts and spiritual practices.

"Featuring a unique, consistent, and modular chapter structure and numerous pedagogical features, Invitation to World Religions, Fourth Edition, invites students to explore the world's great religions with respect and a sense of wonder. The authors also encourage students to develop an appreciation for what religious beliefs and practices actually mean to their adherents"--

Presenting both the histories and the prevalent worldviews of the major world religions, Matthews's WORLD RELIGIONS, Seventh Edition, methodically introduces students to the richness and diversity of these traditions. The Worldview sections in particular make this the most helpful textbook for comparative analyses of the religions. In these sections, students can see how the different religions approach a common set of ten themes that are fundamental to all traditions, including the nature of the Absolute, the place of humans in the world, rituals and symbols, and the prospects for life after death. Furthermore, this text combines insightful, engaging prose with maps, photographs, timelines, excerpts from sacred texts, and other helpful pedagogical aids that provide a comprehensive yet accessible survey of world religions. Warren Matthews's thoughtful and balanced approach depicts the unique traditions and perspectives of diverse world religions with objectivity and respect. This extensive work explores the changing world of religions, faiths and practices. It discusses a broad range of issues and phenomena that are related to religion, including nature, ethics, secularization, gender and identity. Broadening the context, it studies the interrelation between religion and other fields, including education, business, economics and law. The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions. Beginning with an introduction of the concept of the "changing world religion map", the book first focuses on nature, ethics and the environment. It examines humankind's eternal search for the sacred, and discusses the emergence of "green" religion as a theme that cuts across many faiths. Next, the book turns to the theme of the pilgrimage, illustrated by many examples from all parts of the world. In its discussion of the interrelation between religion and education, it looks at the role of missionary movements. It explains the relationship between religion, business, economics and law by means of a discussion of legal and moral frameworks, and the financial and business issues of religious organizations. The next part of the book explores the many "new faces" that are part of the religious landscape and culture of the Global North (Europe, Russia, Australia and New Zealand, the U.S. and Canada) and the Global South (Latin America, Africa and Asia). It does so by looking at specific population movements, diasporas, and the impact of globalization. The volume next turns to secularization as both a phenomenon occurring in the Global religious North, and as an emerging and distinguishing feature in the metropolitan, cosmopolitan and gateway cities and regions in the Global South. The final part of the book explores the changing world of religion in regards to gender and identity issues, the political/religious nexus, and the new worlds associated with the virtual technologies and visual media.
