Our best-selling 125cc scooter gets better and better. The PCX has always been renowned for its economy and practicality, but now, with a redesigned sportier look, it's a real eye-catcher too. There's more under-seat storage – enough for a full-face helmet – while the bright LED lights and new LCD display dial up the style.

The Extremophiles Handbook brings together the rapidly growing and often scattered information on microbial life in the whole range of extreme environments. This book will be a useful reference for finding clues to the origin of life and for exploring the biotechnology potential of these fascinating organisms.

Have you ever tried to rig your own sailboat? How about tying up the boat to the dock? Have you ever made a ladder or hoist? Learning rigging can be tricky, but with the U.S. Army Guide to Rigging (FM 5-125), you'll learn everything you need to know about rigging, from how to properly tie a rope to a rock to how to make rope chairs and build whole scaffolding structures! This comprehensive guide is full of crucial rigging techniques, procedures, and applications used in both dire and everyday situations everywhere by the U.S. Army. This informative and thorough guide draws upon the real-life experiences of soldiers installed in positions around the globe, whose duties require rigging, in all its variations and forms. Topics include the necessary usage of fiber rope, wire rope, and chains—used in multiple combinations and twists—to lift heavy loads. On the more basic side, it includes basic instructions on tying all manner of knots, hitches, splices, tackle systems, and more. Complete with illustrated diagrams to make it easy to follow along, anyone can access easy-to-learn rigging lessons that will come in handy both in your daily life and when you least expect it!

Researched and written in Japan with the full co-operation of the factory, here in definitive detail is the story of the Honda S2000 – a series of open two-seaters that built on the success of the NSX, helping the company justify its on-track exploits with a proper line of sporting machinery. Successful immediately, the S2000 models defended Honda's honour on the tracks, but it was in the showrooms where the S2000 excelled. After a major face-lift, it was eventually killed off in 2009, but is as popular today as it ever was as a modern classic for enthusiasts.

With a Haynes manual, you can do-it-yourself...from simple maintenance to basic repairs. Haynes writes every book based on a complete teardown of the vehicle, where we learn the best ways to do a job and that makes it quicker, easier and cheaper for you. I had a dream like so many people do to start a new life in a new country. I decided to do more than just dream about it. I decided to give up my life in England and try and live a new life in Thailand. I wrote about my adventure in the book 'My Thai Story' but the story was only half told. This is the long awaited sequel to that book. My Thai Story II completes my story. It tells how my dreams found a conclusion. It takes you step by step on the adventure that I had set out on. Could a farang like me make it in 'The Land of Smiles'? This book will tell you what happened and how it happened. This is the conclusion to my very own Thai story.
