Big Al writes: "When you have an organization of leaders, network marketing gets easier. Instead of spending the day with ...

Leadership is a learned skill. No one is a "natural-born leader." Babies aren't given a manual on how to be an adult. Adulthood is learned from others. So how will we teach eager distributors to become leaders? By showing, participating, experiencing ... and of course, sharing stories. Yes, our distributors could imitate us to become leaders, but not everyone is created the same, with the same set of skills or advantages. So there must be common lessons everyone can learn for leadership. Inside this book you will find many ways to change people's viewpoints, to change their beliefs, and to reprogram their actions. And when these three things change, the results will naturally change too. Building leaders in your organization is the best investment in financial security you can make. The return on your investment is paid over and over again. And the earnings from developing one good leader could dwarf the monthly payout of almost any retirement plan. Do you want to be a leader? Or, do you want more leaders on your network marketing team? The strength of your network marketing business is measured in leaders - not in the number of distributors. Leaders are the long-term foundation of your business. Everyone says they want to have more leaders, but how? How does one find leaders? How does one create leaders? What are the things we need to teach ordinary distributors to do in order to become leaders? Successful leaders have a plan. They want to duplicate themselves as leaders. This plan doesn't happen by accident. Follow this plan. Instead of wishing and hoping for leaders, this book will give you the step-by-step activities to actually create leaders. Yes, there is a plan for building leaders and it is simple to follow. Discover how to give ordinary distributors a leadership test to determine if they are ready to enter the path of leadership. Then, learn how to start their training process with the biggest leadership lesson of all: problems. When you have an organization of leaders, network marketing gets easier. Instead of spending the day with repetitive activities with distributors, you will enjoy the free time this business offers. Spend the time to build and create leaders, and then you will have the freedom to visit the beaches of the world. This is the perfect book to lend to a new distributor who wants to build a long-term MLM business, and would like to know exactly how to build it. Creating network marketing leaders should be the focus of every business-builder. Order your copy now!
