~~Html In 10 Simple Steps Or Less [PDF]~~

At first I thought "10 simple steps" would be too simple to be really effective, but I was wrong -- it's a great approach. I've had the book for about a week, and I've really been able to learn a lot. I've been working with HTML off and on at work helping with some of our company's site pages, but never had time to really master it.
