For undergraduate and graduate students majoring in international business or general management. International Management, 6/e, explores the dynamic global environment of business management, by exploring political, legal, technological, competitive and cultural factors that shape corporations worldwide.

International Management: Managing Cultural Diversity International Management explores the dynamic global environment of business management by examining the political, legal, technological, competitive, and cultural factors that shape corporations worldwide. With its hallmark clear and concise approach, International Management places fundamental management theories in an international context. Students will gain a comprehensive understanding of the practices, cultural skills and sensitivities needed to operate successfully in a wide range of cross-national situations. The second Australian edition of International Management focuses on the expanding economics of Australasia, China, India and their increasing trade amongst themselves, the European Union and the Americas. International Management 2nd edition incorporates up-to-date research, increased coverage of ethics, a wide range of case studies and examines recent trends affecting international business managers in today's hypercompetitive global environment. International Management is suitable for undergraduate and post graduate students majoring in international business, general management or cross cultural studies.

Whether in a familial setting or the workplace, emotional intelligence is the key to success. As an energizing power, it helps us not only maintain healthy social relations but also achieve self-satisfaction and self-actualization. In her book Emotional Intelligence: the Road to Success, Dr. Samira A. Mansour guides the reader through the benefits and effective use of emotional intelligence in a variety of situations, including cross-culture communication, family interaction, socialization of children, sociocultural negotiation, and organizational management. The book also includes a self-scoring assessment test covering three aspects of emotional intelligence. Success and productivity cannot be determined by IQ alone. By using EQ, or emotional intelligence, readers of all backgrounds can better understand and assess the behaviors, attitudes, motivations, lifestyles, management styles, interpersonal skills, and potentialities of those around them. Emotional Intelligence: the Road to Success will show them how.

The first comprehensive work on globalization within the context of sustainable development initiatives in Africa.

Many people who are interested in business never learn more than the basics because they are either intimidated by the complexity of the business lexicon or they have never been exposed to the common features and principles that form the geography of the business world. Encyclopedia of American Business is an easy-to-use guide to the nuts and bolts of business jargon, explaining difficult ideas in straightforward language. Designed especially for non-specialist, students, and general readers, the encyclopedia helps novices understand the complex and sometimes confusing concepts and terms that are used in business. Five general areas of business are covered: accounting, banking, finance, marketing, and management. Terms, concepts, and associations that one is most likely to encounter in business are the focus of the volume, making it a great place to start learning about how businesses operate and what the primary and different features of specific business-related functions or ideas mean. Entries include annual report, balanced budget, capital, deflation, exchange rate, joint ventures, marketing concept, mutual funds, profit sharing, and zero-sum game.

This best-selling, brief introduction to marketing teaches students marketing using a customer value framework. The ninth edition includes new and expanded material on Integrated Marketing Communication, social networks, measuring and managing return on marketing, creating customer value, building and managing customer relationships, marketing accountability and return on investments, and direct and online marketing. For marketing professionals who believe customer value is the driving force behind every marketing strategy.

How do we get you moving? By placing you—the customer—in the driver's seat. Marketing introduces the leading marketing thinking on how customer value is the driving force behind every marketing strategy. Fasten your seatbelt. Your learning journey starts here! www.prenhall.com/kotler
