Though computers have become more common, many academic libraries still lack automation of any kind. With the growing importance of the Internet and the proliferation of electronic databases, automation is likely to be an important part of the future of every library. Fortunately, enough libraries have implemented automated systems so that their experiences can inform those libraries only ...

A disaster management plan is essential because it can guide library personnel on what to do in a critical time. Using an eight-part survey instrument, this paper documents the impact of Typhoon Haiyan on 22 academic libraries in Northern Panay, Western Visayas, Philippines and the disaster management practices that were implemented.
