Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

The Butterfly Lovers Story, sometimes called the Chinese Romeo and Juliet, has been enduringly popular in China and Korea. In Transforming Gender and Emotion, Sookja Cho demonstrates why the Butterfly Lovers Story is more than just a popular love story. By unveiling the complexity of themes and messages concealed beneath the tale's modern classification as a tragic love story, this book reveals the tale as a rich academic subject for students of human emotions and relationships, comparative geography and culture, and narrative adaptation. By examining folk beliefs and ideas that abound in the narrative--including rebirth and a second life, the association of human souls and butterflies, and women's spiritual power--this book presents the Butterfly Lovers Story as an example of local religious narrative. The book's cross-cultural comparisons, best manifested in its discussion of a shamanic ritual narrative version from the Cheju Island of Korea, frame the story as a catalyst for inclusive, expansive discussion of premodern Korean and Chinese literatures and cultures. This scrutiny of the historical and cultural background behind the formation and popularization of the Cheju Island version sheds light on important issues in the Butterfly Lovers Story that are not frequently discussed--either in past examinations of this particular narrative or in the overall literary studies of China and Korea. This new, open approach presents an innovative framework for understanding premodern literary and cultural space in East Asia.

Moving to a new Amish settlement in small-town Colorado was a brave new start for independent-minded quiltmaker Esther Kiem. But helping her reckless relative will really put her special matchmaking skills to the test . . . Mischievous and rebellious, young Ben Kiem is making the wrong kind of name for himself throughout the town of Byler. And even though his sister-in-law, Esther, somehow coaxes him into keeping company with sensible Linda Eicher, Ben can't see anything they have in common. Or that he could ever be good enough for someone like her. But Linda's down-to-earth nature and unexpected understanding have Ben trying his best to be better, no matter how challenging . . . Linda couldn't be more surprised when Ben turns out to be

caring and helpful, despite his rowdy pranks and bad-news friends. And falling in love with him suddenly seems just right. But when a heartbreaking misunderstanding comes between them, both she and Ben must risk enough to trust, stitch the pieces back together—and dare a forever precious happiness.
