Life and Death in Shanghai - The New York Times

The national-best-selling memoir of a woman's resistance and struggles in Communist China—"an absorbing story of resourcefulness and courage" (The New York Times). A NEW YORK TIMES BEST BOOK OF THE YEAR In August 1966, a group of Red Guards ransacked the home of Nien Cheng. Her background made her an obvious target for the fanatics of the Cultural Revolution: educated in London, the widow of an official of Chiang Kai-shek's regime, and an employee of Shell Oil. When she refused to confess that any of this made he an enemy of the state, she was placed in solitary confinement, where she would remain for more than six years. Life and Death in Shanghai recounts the story of Nien Cheng's imprisonment—a time of extreme deprivation which she met with heroic resistance—as well as her quest for justice when she was released. It is also the story of a country torn apart by Mao Tse-tung's vicious campaign to topple party moderates. An incisive, personal account of a terrifying chapter in twentieth-century history, Life and Death in Shanghai is also an astounding portrait of one woman's courage.

A first-hand account of China's cultural revolution.

Shanghai, 1928. The body of a blonde is washed up on the Beach of Dead Babies, in the heart of the smog-filled city. Seemingly a suicide, a closer inspection reveals a darker motive: the corpse has been weighed down, it's lower half mutilated...and the Chinese character for 'justice' carved into the chest.

The author of such novels as "Empire of the Sun" and "Crash" recalls his childhood, his first attempts at science fiction, and his life as a single father after the premature death of his wife.

The dramatic real life stories of four young people caught up in the mass exodus of Shanghai in the wake of China's 1949 Communist revolution--a heartrending precursor to the struggles faced by emigrants today. "A true page-turner . . . [Helen] Zia has proven once again that history is something that happens to real people."--New York Times bestselling author Lisa See NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND THE CHRISTIAN SCIENCE MONITOR - LONGLISTED FOR THE PEN/JACQUELINE BOGRAD WELD AWARD FOR BIOGRAPHY Shanghai has historically been China's jewel, its richest, most modern and westernized city. The bustling metropolis was home to sophisticated intellectuals, entrepreneurs, and a thriving middle class when Mao's proletarian revolution emerged victorious from the long civil war. Terrified of the horrors the Communists would wreak upon their lives, citizens of Shanghai who could afford to fled in every direction. Seventy years later, members of the last generation to fully recall this massive exodus have revealed their stories to Chinese American journalist Helen Zia, who interviewed hundreds of exiles about their journey through one of the most tumultuous events of the twentieth century. From these moving accounts, Zia weaves together the stories of four young Shanghai residents who wrestled with the decision to abandon everything for an uncertain life as refugees in Hong Kong, Taiwan, and the United States. Benny, who as a teenager became the unwilling heir to his father's dark wartime legacy, must decide either to escape to Hong Kong or navigate the intricacies of a newly Communist China. The resolute Annuo, forced to flee her home with her father, a defeated Nationalist official, becomes an unwelcome exile in Taiwan. The financially strapped Ho fights deportation from the U.S. in order to continue his studies while his family struggles at home. And Bing, given away by her poor parents, faces the prospect of a new life among strangers in America. The lives of these men and women are marvelously portrayed, revealing the dignity and triumph of personal survival. Herself the daughter of immigrants from China, Zia is uniquely equipped to explain how crises like the Shanghai transition affect children and their families, students and their futures, and, ultimately, the way we see ourselves and those around us. Last Boat Out of Shanghai brings a poignant personal angle to the experiences of refugees then and, by extension, today. "Zia's portraits are compassionate and heartbreaking, and they are, ultimately, the universal story of many families who leave their homeland as refugees and find less-than-welcoming circumstances on the other side."--Amy Tan, author of The Joy Luck Club

The story of three generations in twentieth-century China that blends the intimacy of memoir and the panoramic sweep of eyewitness history—a bestselling classic in thirty languages with more than ten million copies sold around the world, now with a new introduction from the author. An engrossing record of Mao's impact on China, an unusual window on the female experience in the modern world, and an inspiring tale of courage and love, Jung Chang describes the extraordinary lives and experiences of her family members: her grandmother, a warlord's concubine; her mother's struggles as a young idealistic Communist; and her parents' experience as members of the Communist elite and their ordeal during the Cultural Revolution. Chang was a Red Guard briefly at the age of fourteen, then worked as a peasant, a "barefoot doctor," a steelworker, and an electrician. As the story of each generation unfolds, Chang captures in gripping, moving—and ultimately uplifting—detail the cycles of violent drama visited on her own family and millions of others caught in the whirlwind of history.

The issue of death has loomed large in Chinese cities in the modern era. Throughout the Republican period, Shanghai swallowed up lives by the thousands. Exposed bodies strewn around in public spaces were a threat to social order as well as to public health. In a place where every group had its own beliefs and set of death and funeral practices, how did they adapt to a modern, urbanized environment? How did the interactions of social organizations and state authorities manage these new ways of thinking and acting? Recent historiography has almost completely ignored the ways in which death created such immense social change in China. Now, Scythe and the City corrects this problem. Christian Henriot's pioneering and original study of Shanghai between 1865 and 1965 offers new insights into this crucial aspect of modern society in a global commercial hub and guides readers through this tumultuous era that radically redefined the Chinese relationship with death.

In the dazzling global metropolis of Shanghai, what has it meant to call this city home? In this account—part microhistory, part memoir—Jie Li salvages intimate recollections by successive generations of inhabitants of two vibrant, culturally mixed Shanghai alleyways from the Republican, Maoist, and post-Mao eras. Exploring three dimensions of private life—territories, artifacts, and gossip—Li re-creates the sounds, smells, look, and feel of home over a tumultuous century. First built by British and Japanese companies in 1915 and 1927, the two homes at the center of this narrative were located in an industrial part of the former "International Settlement." Before their recent demolition, they were nestled in Shanghai's labyrinthine alleyways, which housed more than half of the city's population from the Sino-Japanese War to the Cultural Revolution. Through interviews with her own family members as well as their neighbors, classmates, and co-workers, Li weaves a complex social tapestry reflecting the lived experiences of ordinary people struggling to absorb and adapt to major historical change. These voices include workers, intellectuals, Communists, Nationalists, foreigners, compradors, wives, concubines, and children who all fought for a foothold and haven in this city, witnessing spectacles so full of farce and pathos they could only be whispered as secret histories.

Born Red is an artistically wrought personal account, written very much from inside the experience, of the years 1966–1969, when the author was a young teenager at middle school. It was in the middle schools that much of the fury of the Cultural Revolution and Red Guard movement was spent, and Gao was caught up in very dramatic events, which he recounts as he understood them at the time. Gao's father was a county political official who was in and out of trouble during those years, and the intense interplay between father and son and the differing perceptions and impact of the Cultural Revolution for the two generations provide both an unusual perspective and some extraordinary moving moments. He also makes deft use of traditional mythology and proverbial wisdom to link, sometimes ironically, past and present. Gao relates in vivid fashion how students-turned-Red Guards held mass rallies against 'capitalist roader' teachers and administrators, marching them through the streets to the accompaniment of chants and jeers and driving some of them to suicide. Eventually the students divided into two factions, and school and town became armed camps. Gao tells of the exhilaration that he and his comrades experienced at their initial victories, of their deepening disillusionment as they utter defeat as the tumultuous first phase of the Cultural Revolution came to a close. The portraits of the persons to whom Gao introduces us – classmates, teachers, family members – gain weight and density as the story unfolds, so that in the end we see how they all became victims of the dynamics of a mass movement out of control.

"In vivid detail... examines the little-known history of two extraordinary dynasties."--The Boston Globe "Not just a brilliant, well-researched, and highly readable book about China's past, it also reveals the contingencies and ironic twists of fate in China's modern history."--LA Review of Books An epic, multigenerational story of two rival dynasties who flourished in Shanghai and Hong Kong as twentieth-century China surged into the modern era, from the Pulitzer Prize-winning journalist The Sassoons and the Kadoories stood astride Chinese business and politics for more than one hundred seventy-five years, profiting from the Opium Wars; surviving Japanese occupation; courting Chiang Kai-shek; and nearly losing everything as the Communists swept into power. Jonathan Kaufman tells the remarkable history of how these families ignited an economic boom and opened China to the world, but remained blind to the country's deep inequality and to the political turmoil on their doorsteps. In a story stretching from Baghdad to Hong Kong to Shanghai to London, Kaufman enters the lives and minds of these ambitious men and women to forge a tale of opium smuggling, family rivalry, political intrigue, and survival.
