Nanny Reilly Book 1—runcher-budee.org

The Nanny is a good beginning of the story about Kevin who hires Shelly to help him care for Tyler. We get a glimpse into who they are and then, to be continued. I guess I will stay tuned to see what comes next. Interesting start. I received a free copy of this book via Booksprout and am voluntarily leaving a review.

Nanny Returns: A Novel by Emma McLaughlin, Nicola Kraus—

"The nanny could be cleaning up dog pee or doing the dishes or vacuuming" while the pet sitter or maid was off on another errand, she says. "Full-time nannies, nurses to stay overnight, dog walkers -- these are for stay-at-home moms" explains a nanny who has had access to several high-income households. One mom even kept someone on staff to ...

Nanny Reilly and her dog Henry Daly are tricked by a mean leprechaun king into kidnapping his niece Princess Tara. Nanny's kindness and innocence brings out the best in King Brian and they are invited to the leprechaun dance on midsummer's eve. Nanny, Henry Daly and their new friend Ned dress up in their Sunday best and go to the dance. On their way to the dance, Princess Tara and her father King Rory are caught by a mean man named Bull Cullen. Bull is looking for the crock of gold and is ready to surrender Princess Tara and King Rory to the Banshee, a mean old witch who takes all her victims into her Banshee's Cradle in the heart of the forest. Nanny, Ned and Henry Daly rescue them. For their bravery, they are presented with a gold whistle each and two magic ponies. The gold whistles give them the same magic powers as a leprechaun. One day, while out beachcombing on their ponies, they come across footprints in the sand. They follow the prints and find a distraught fisherman named Fran O'Toole whose friend Mike Donovan has been captured by the Banshee. These footprints are the beginning of a magical adventure, which land them deep within the Banshee's Cradle.

Emma tries to help her parents understand that, although their beloved new nanny has made a few mistakes, no one can behave perfectly responsible all the time.

A flying pig's job is never done... With a runaway lion loose in the neighborhood, Derrick, Samantha, and Michael feel scared. Nanny Piggins feels like a slice of cake. And Boris feels like that lion looks strangely familiar... But if there was ever a pig who could tame both lion and lion tamer, it's Nanny Piggins! She also revolutionizes the sport of ski jumping, introduces hot-pink leotards to the local Neighborhood Watch, and demonstrates trapeze skills on a moving bus -- all while thwarting Mr. Green's attempt to send the children to Nicaragua. R. A. Spratt's third book in the delightfully madcap Nanny Piggins series is filled with more high-flying adventures, more outrageous characters, and more chocolate cake than ever before!

He is powerful, older and my boss, a lethal combination. Job satisfaction has taken on a whole new meaning. When I lied on my resume, I didn't expect it to matter. I mean any child would love me; I was born to be a nanny. I applied for a position working for a woman, or so I thought. But Julian Masters is definitely all man...the kind you dream of licking chocolate from. The first day was bad. The kids were the spawn of the devil and I spied through a window and caught him doing something obscene... and equally fascinating. The second day was worse, he caught me snooping in his bathroom cabinet in my skimpy pjamas and all hell broke loose. On the third day, I ran over him in a golf cart. And by day four I had decided that I wanted that chocolate...all of it. Melted...on me. But intelligent, widowed Judges don't fall for dirty nannies. Or do they?

When did we lose our right to be lazy, unhealthy, and politically incorrect? Move over Big Brother! An insidious new group has inserted itself into American politics. They are the nannies—not the stroller-pushing set but an invasive band of do-gooders who are subtly and steadily stripping us of our liberties, robbing us of the inalienable right to make our own decisions, and turning America into a nation of children. As you read this, countless busybodies across the nation are rolling up their sleeves to do the work of straightening out your life. Certain Massachusetts towns have banned school-yard tag. San Francisco has passed laws regulating the amount of water you should use in dog bowls. The mayor of New York City has french fries and doughnuts in his sights. In some parts of California, smoking is prohibited . . . outside. The government, under pressure from the nanny minority, is twisting the public's arm into obedience. Playground police, food fascists, anti-porn crusaders —whether they're legislating morality or wellbeing—nannies are popping up all over America. In the name of health, safety, decency, and—shudder—good intentions, these ever-vigilant politicians and social activists are dictating what we eat, where we smoke, what we watch and read, and whom we marry. Why do bureaucrats think they know what's better for us than we do? And are they selectively legislating in the name of political expediency? For instance, why do we ban mini-motorbikes, responsible for five deaths each year, and not skiing, which accounts for fifty deaths each year? Why is medical marijuana, a substance yet to claim a single life, banned and not aspirin, which accounts for about 7,600 deaths? Exhaustively researched, sharply observed, and refreshingly lucid, Nanny Sate looks at the myriad ways we are turning the United States into a soulless and staid nation—eroding not only our personal freedoms but our national character.

Makes charges about how politicians, the clergy, and families are failing to protect those in their care, presenting strong statements about personal responsibility and self-reliance in today's uncertain world.

Mary Poppins meets Babe in this hilarious novel about three children under the watch of their wonderfully quirky nanny, who happens to be a pig! Yes, a pig. A fabulously sassy and impeccably dressed pig as a matter of fact! With her insatiable urge to eat chocolate (and feed chocolate to everyone she loves), her high-flying spirit, and her unending sense of fun, Nanny Piggins takes Derrick, Samantha, and Michael on a year of surprises, yummy treats, and adventures they'll never forget. Paired with Dan Santat's charming illustrations, comedian and children's TV writer R.A. Spratt's wildly funny debut novel will have adults and kids alike laughing and rooting for the feisty porcine nanny and her three lovable human charges.

An Arranged Marriage Standalone Mafia Romance. The first time Cassio meets his fiancée, she calls him "sir." After losing his wife, Cassio is left to take care of two small children while trying to establish his rule over Philadelphia. Now he needs a mother for his children and someone who can warm his bed at night. But in a world as traditional as his, choosing your wife is duty not pleasure.Rules have to be followed, traditions heeded. That's how he ends up with a woman a girl-barely of age. She may not be what he and his children need, but she's lovely and a sweet temptation he can't resist. Giulia has always known she'll marry the man her father chose for her, but she never expects to be given to someone so much older. Suddenly she'll marry the mother to two small children when she hasn't even held a baby before.Giulia quickly realizes that Cassio isn't interested in a relationship on equal footing. Her mother has warned her that men of power, like Cassio, don't tolerate insolence. Tired of being treated as a nanny, Giulia decides to fight for her version of a happy family.

Make no mistakes about it. I know what I look like to others. Young, government-aided, pregnant mom. They see Lucy on my hip, and they see a mistake. I mean, why else would someone have a child so young, right? They couldn't be more wrong. I'm too busy most days between parenting, work, and finishing up my last year of nursing school to let their judging gaze tear me down until he moves into the vacant house next to the apartments I live in.His cold, blunt observation of us doesn't differ from any other stranger. He doesn't know me, but he's already painting a picture of who he thinks I am in his mind. He judges my very round belly, Lucy's inability to leave him alone, the bags under my eyes, and the fact that I couldn't care less what I look like anymore.He's a rule guy. Stays that way for months too. Then something happens. I'm not even sure what. Judgmental Guy decides Lucy and me-as well as baby Eli, are worth his friendship.Turns out, Judgmental Guy isn't too mean-okay, he kind of still is. But he graduates to Elijah. I build an unlikely friendship with him which deems it necessary for him to start smiling around me and my kids. I'm wrong again. Elijah isn't rude. He's terrifying. His strange acts of kindness are unraveling me. Elijah is only my friend.Right? Oh, fudge. I think I'm wrong. Again.

A Best Book of the Year: The Washington Post • Chicago Tribune • NPR • Vogue • Elle • Real Simple • InStyle • Good Housekeeping • Parade • Slate • Vox • Kirkus Reviews • Library Journal • BookPage Longlisted for the 2020 Booker Prize An Instant New York Times Bestseller A Reese's Book Club Pick "The most provocative page-turner of the year." --Entertainment Weekly "I urge you to read Such a Fun Age." --NPR A striking and surprising debut novel from an exhilarating new voice, *Such a Fun Age* is a page-turning and big-hearted story about race and privilege, set around a young black babysitter, her well-intentioned employer, and a surprising connection that threatens to undo them both. Alix Chamberlain is a woman who gets what she wants and has made a living, with her confidence-driven brand, showing other women how to do the same. So she is shocked when her babysitter, Emira Tucker, is confronted while watching the Chamberlains' toddler one night, walking the aisles of their local high-end supermarket. The store's security guard, seeing a young black woman out late with a white child, accuses Emira of kidnapping two-year-old Briar. A small crowd gathers, a bystander films everything, and Emira is furious and humiliated. Alix resolves to make things right. But Emira herself is aimless, broke, and wary of Alix's desire to help. At twenty-five, she is about to lose her health insurance and has no idea what to do with her life. When the video of Emira uncovers someone from Alix's past, both women find themselves on a crash course that will upend everything they think they know about themselves, and each other. With empathy and piercing social commentary, *Such a Fun Age* explores the stickiness of transactional relationships, what it means to make someone "family," and the complicated reality of being a grown up. It is a searing debut for our times.
