Peopleware: Productive Projects and Teams by Tom DeMarco

“Peopleware is the one book that everyone who runs a software team needs to read and reread once a year. In the quarter century since the first edition appeared, it has become more important, not less, to think about the social and human issues in software development. This is the only way we’re going to make more humane, productive workplaces.

Peopleware: Productive Projects and Teams, Third Edition ...

From Amazon Peopleware asserts that most software development projects fail because of failures within the team running them. This strikingly clear, direct book is written for software development team leaders and managers, but it's filled with enough common-sense wisdom to appeal to anyone working in technology.
