of central philosophical disputes.” –Matthew Van Cleave, *Teaching Philosophy*

As the oldest discipline in the academy, philosophy began by asking questions of the world and of human nature. Philosophers are responsible for the Enlightenment and laid the foundations for constitutional governments. Yet, while it may have given birth to the natural sciences, philosophy has earned a contemporary reputation as an esoteric and impractical field out of touch with everyday life—but it doesn't have to be that way. This is *Philosophy: An Introduction* expertly guides

Wondering is the quest for a life that is fully alive. Drawing on the insights of philosophers through the ages, *The Way of Philosophy* clarifies what it means to live life intensely. It exposes the shallowness of conventional wisdom by asking such questions as -Can science know everything? -Should we do it if it feels good? -Is beauty in the eye of the beholder? -Is life about creating ourselves? -Is love supposed to be selfless? -Can we ignore death? -If God exists, why is he hiding? Philosophers invite us to go down deep and live a life in light of truth, goodness,
