Design The Life You Desire With A Life Plan | Eva Gregory

To learn how to plan your life, be precise as much as possible when creating your vision. Think every little detail through. Describe when you wake up, what you eat for breakfast, what you do after that, what people surround you. Use a tool like Rescuetime to track your time and get detailed reports.

How to Plan Your Life and Never Be Stuck Again: 5 Steps to ...

It may sound counter-intuitive to plan backwards rather than forwards, but when you're planning your life from the end result, it's often more useful to consider the last step and work your way back to the first. This is actually a valuable and practical strategy for making your vision a reality.

The Best Way to Create a Vision for the Life You Want

Keep in mind, Life Planning is a relatively new concept in the financial planning world, and is an off-shoot of the financial planning we all think of. Life Planning uses the basic financial planning process and inputs as a jumping off point to help folks better plan the next stages of their lives (retired or otherwise). Life Planning is more in-depth and focused to what makes the individual (or individuals if a spouse/partner is involved) tick -- what really gets them excited about life.
