~~CIBSE TM53 Refurbishment of Non domestic Buildings NEW 2013~~

TM53: Refurbishment of Non domestic Buildings. The case for refurbishment for buildings has to be made on an individual basis, and the drivers that exist are many. TM53 aims to assist the understanding of the buildings and systems we may encounter and produce a common strategy in the analysis of options and solutions.

~~CIBSE Building Services Knowledge~~

The BREEAM Refurbishment and Fit Out (RFO) standard enables real estate investors, developers and building owners to assess and mitigate sustainability-related impacts during the design and works of a refurbishment or fit out project. Through the assessment and certification process, the standard recognises and reflects the performance of the building once improvements have been made to the external envelope, structure, core services, local services or interior design of a building.
