Tall, menacingly muscular and with a mischievous charm that mixed a gentle Scottish brogue, a secret smile and that famously lisp'd 's', Connery set the benchmark for 007, writes MATTHEW BOND.

The Story of Sean-Shine is a mother's story about an incredible journey she shared with her son that started with a tremendous amount of joy and would end with an overwhelming sadness after his death from an accidental drug overdose. The story begins with Sean's birth and shows through the progression of time the great love and devotion that developed in their relationship. After Sean became a teenager many problems concerning the law and drugs will create a tough road for the two of them to travel in their journey through life. Even with all the trials and tribulations in their journey, nothing can come between the love of a mother and her child. Although their journey together will end after Sean's tragic death, it will not end a mother's journey in the quest to stay connected to the son she so adored. After Sean's death, the story continues on to tell of the many emotions, pain and heartache every parent goes through after the loss of their child.

"Nearly a year after being rejected for another man, Seattle paramedic Peter Morse is still pining, so when the one that got away asks him for a favor, he agrees. His mission: track down Sean Reid, the runaway brother of a mutual friend. Peter isn't thrilled about it-until he finds Sean injured by the side of the road. Everything about Sean stirs Peter's protective instincts-saving people is what he lives for-but he never anticipated falling for someone so hell-bent on running away. On top of his physical wounds, Sean struggles with grief and guilt, and the mess his estranged father left when he died threatens to overwhelm him. Saving Sean means Peter must let go of his pride and turn to friends and family. Asking for help is a bitter pill for Peter to swallow, but if he can't, how can he expect Sean to accept his help-and his love-in turn?"--Page 4 of cover.

I have everything they said I would need. A degree, a job, an amazing group of friends-but there's one thing missing... To him we're nothing more than friends-good friends. To me he's the one man who makes my heart beat faster. It doesn't matter that his affections are elsewhere, I continue to love him from a distance dreaming of a happily ever after. Then...my world is turned upside down. Even if we manage to find each other through this storm, it will be a race against time. A fight against all the odds. The battle of a lifetime.No matter where this road takes us, I won't regret a thing. He's the man who owns my heart, my soul, and everything in between. And his name...is Sean.

When my son Sean was born with special needs, his mother and I were told he would never be "normal" and we mourned for the life we had imagined for him. We thought we would have to be his teacher and protector, more so than the typical child. However, we quickly learned that lessons can come from the most unlikely places and that our world would be changed for the better in ways we could have never envisioned. . . all because of Sean. Before he died on Father's Day 2019, Sean taught me valuable life lessons that only became more pronounced upon his passing. He taught me how to build strong, authentic relationships. He taught me how to live in the moment. He taught me how to feel gratitude. Mostly, he taught me how to live like Sean, and these lessons are his legacy.

A Today Show Summer Reads Pick A Washington Post Book of the Year "We think we know the ones we love." So Pearlie Cook begins her indirect, and devastating exploration of the mystery at the heart of every relationship--how we can ever truly know another person. It is 1953 and Pearlie, a dutiful young housewife, finds herself living in the Sunset District in San Francisco, caring not only for her husband's fragile health, but also for her son, who is afflicted with polio. Then, one Saturday morning, a stranger appears on her doorstep, and everything changes. Lyrical, and surprising, *The Story of a Marriage* is, in the words of Khaled Housseini, "a book about love, and it is a marvel to watch Greer probe the mysteries of love to such devastating effect."

Why are human beings driven to make?

It's as if we collectively intuited, long before science gave us the language, that the universe bends toward entropy, and every act of creation on our part is an act of defiance in the face of that evolving disorder.

When we pick up a paintbrush, or compose elements through our camera viewfinders, or press fingers into wet clay to wrestle form from a shapeless lump, we are bending things back toward Order and wrestling them from Chaos.

But making things is often not enough.

We also want the things we make to be filled with meaning. We're each trying to describe what we know about life, to

create a collective sense of “safety in numbers.” When we reach the end of our traditional descriptive powers, it’s time to weave collective meaning from poetry, painting, writing, dancing, photographing, filmmaking, storytelling, singing, animating, designing, performing, carving, sculpting, and a million other ways we daily create Order out of the Chaos and share it with each other for comfort.

On this journey we need a creative philosophy which will help us find our voice, discover our message, deal with the responses to our work, maintain inspiration, and stay mentally healthy and motivated creators as we strive to find “the meaning in the making.”

The second volume in the collection of short stories by Sean Dietrich, writer, humorist, and novelist, known for his commentary on life in the American South. His humor and short fiction appear in various publications throughout the Southeast.

“An incredibly interesting work.” —Jane Smiley “A straight up masterwork.” —Sarah Silverman “Blisteringly funny.” —Corey Seymour “A transcendent apocalyptic satire.” —Michael Silverblatt “Crackling with life.” —Paul Theroux “Great fun.” —Salman Rushdie “A provocative debut.” —Kirkus Reviews From legendary actor and activist Sean Penn comes a scorching, “charmingly weird” (Booklist, starred review) novel about Bob Honey—a modern American man, entrepreneur, and part-

time assassin. Bob Honey has a hard time connecting with other people, especially since his divorce. He's tired of being marketed to every moment, sick of a world where even an orgasm isn't real until it is turned into a tweet. A paragon of old-fashioned American entrepreneurship, Bob sells septic tanks to Jehovah's Witnesses and arranges pyrotechnic displays for foreign dictators. He's also a contract killer for an off-the-books program run by a branch of United States intelligence that targets the elderly, the infirm, and others who drain society of its resources. When a nosy journalist starts asking questions, Bob can't decide if it's a chance to form some sort of new friendship or the beginning of the end for him. With treason on everyone's lips, terrorism in everyone's sights, and American political life sinking to ever-lower standards, Bob decides it's time to make a change—if he doesn't get killed by his mysterious controllers or exposed in the rapacious media first. A thunderbolt of startling images and painted "with a broadly satirical, Vonnegut-ian brush" (Kirkus Reviews), *Bob Honey Who Just Do Stuff* is one of the year's most controversial and talked about literary works.
