Six Thinking Hats was created by Edward de Bono, and published in his 1985 book of the same name. You can now find it in a new edition. It forces you to move outside your habitual thinking style, and to look at things from a number of different perspectives. This allows you to get a more rounded view of your situation.

Six Thinking Hats - Decision-Making Skills from MindTools.com

I find hiss writing style rather tedious; his books seem devoid of humour. A lot of his explanations are badly phrased and thus awkward to follow. He often takes a simple idea (such as 'lateral thinking' and 'six thinking hats') and spins it out into a whole book, where it could have been adequately described in just one succinct chapter.
