As with other stuff I've seen from Dodie, a mix of beauty and vulgarity and sometimes a surprising combo of both at once. Vulgarity maybe isn't quite the right word. Explicit information. TMI (but you want to keep reading anyway).

Real: The Letters of Mina Harker and Sam d'Allesandro ...

Much of the plot of Bram Stoker's Dracula revolves around saving the soul of Mina Harker. Since February 1985 I've been corresponding in her persona with five writer friends. The letter form appeals to me because of its potential to blur the boundaries between private and public: information is exchanged between correspondents--the reader is both inside and outside this intimacy, conspirator as well as voyeur.

UW Press - : The Letters of Mina Harker, Dodie Bellamy

Bellamy's The Letters of Mina Harker challenges codes of social decorum and propriety, and their relationship to class, at every turn. In The Letters, Bellamy takes the form of the epistolary novel and wrests it from its "high" ground. She launches her culture bomb, exploding the discrete notions of anything that could be considered "natural," "authentic," "light," "naive," and makes something new and endlessly expandable, exponentially multiplying the details, descriptions, digressions ...

The Letters of Mina Harker: Bellamy, Dodie: Amazon.sg: Books

Mina's given name and family name bear a clear resemblance to Mina Harker's name, and the relationship she shares with Soma parallels that of Dracula and Harker. Mina also appears in Castlevania: Dawn of Sorrow, but cannot be interacted with, only appearing in the intro and ending, though a doppelganger of Mina is killed by the main antagonist ...

Sensuous and captivating, The Letters of Mina Harker describes one woman's struggles finding the right words to explain her desires and fears without confining herself to one identity. About the Author

A fixture in the San Francisco literary scene for over a decade, Dodie Bellamy will surpass the expectations of her many fans with this new book--which traces a woman's relationships with three very different men and her involvement in 20th-century vampire culture. This is a nearly indescribable epistolary novel that brings the heroine of Bram Stoker's DRACULA forward into the acronymic age of MTV, HIV, ATM, VCR, etc.

In Dodie Bellamy's imagined "sequel" to Bram Stoker's fin de siècle masterpiece Dracula, Van Helsing's plain Jane secretarial adjunct, Mina Harker, is recast as a sexual, independent woman living in San Francisco in the 1980s. The vampire Mina Harker, who possesses the body of author Dodie Bellamy, confesses the most intimate details of her relationships with four vastly different men through past letters. Simultaneously, a plague is let loose in San Francisco--the plague of AIDS. Bigger-than-life, half goddess, half Bette Davis, Mina sends letter after letter to friends and co-conspirators, holding her reader captive through a display of illusion and longing. Juggling quivering vulnerability on one hand and gossip on the other, Mina spoofs and consumes and spews back up demented reembodyments of trash media and high theory alike. It's all fodder for her ravenous libido and "a messy ambiguous place where pathology meets pleasure." Sensuous and captivating, The Letters of Mina Harker describes one woman's struggles finding the right words to explain her desires and fears without confining herself to one identity.

Bellamy's debut novel revives a minor character from Bram Stoker's Dracula and imagines her as an independent woman living in San Francisco during the 1980s. Hypocrisy's not the problem, I think, it's allegory the breeding ground of paranoia. The act of reading into--how does one know when to stop? KK says that Dodie has the advantage because she's physical and I'm "only psychic." ... The truth is: everyone is adopted. My true mother wore a turtleneck and a long braid down her back, drove a Karmann Ghia, drank Chianti in dark corners, fucked Gregory Corso ... --Dodie Bellamy, The Letters of Mina Harker First published in 1998, Dodie Bellamy's debut novel The Letters of Mina Harker sought to resuscitate this minor character from Bram Stoker's Dracula and reimagine her as an independent woman living in San Francisco during the 1980s--a woman not unlike Dodie Bellamy. Harker confesses the most intimate details of her relationships with four different men in a series of letters. Vampirizing Mina Harker, Bellamy turns the novel into a laboratory: a series of attempted transmutations between the two women in which the real story occurs in the gaps and the slippages. Lamponing the intellectual theory-speak of that era, Bellamy's narrator fights to inhabit her own sexuality despite feelings of vulnerability and destruction. Stylish but ruthlessly unpretentious, The Letters of Mina Harker was Bellamy's first major claim to the literary space she would come to inhabit.

In Dodie Bellamy's imagined "sequel" to Bram Stoker's fin de siècle masterpiece Dracula, Van Helsing's plain Jane secretarial adjunct, Mina Harker, is recast as a sexual, independent woman living in San Francisco in the 1980s. The vampire Mina Harker, who possesses the body of author Dodie Bellamy, confesses the most intimate details of her relationships with four vastly different men through past letters. Simultaneously, a plague is let loose in San Francisco--the plague of AIDS. Bigger-than-life, half goddess, half Bette Davis, Mina sends letter after letter to friends and co-conspirators, holding her reader captive through a display of illusion and longing. Juggling quivering vulnerability on one hand and gossip on the other, Mina spoofs and consumes and spews back up demented reembodyments of trash media and high theory alike. It's all fodder for her ravenous libido and "a messy ambiguous place where pathology meets pleasure." Sensuous and captivating, The Letters of Mina Harker describes one woman's struggles finding the right words to explain her desires and fears without confining herself to one identity.

Having discovered the double identity of the wealthy Transylvanian nobleman, Count Dracula, a small group of people vow to rid the world of the evil vampire.

Sometimes Life Sucks... Seven years after the eventful night that Mina was almost turned into a vampire, she is now happily married to Jonathan Harker and has a lovely son called Quincy until her past comes back to haunt her. Mina's life is thrown into turmoil as a gypsy sorceress with a hidden agenda casts a spell from the book of the dead to bring Dracula back from his grave. Mina's worst nightmares are unleashed as her husband and child are brutally slaughtered and she is reborn with a bloodthirsty appetite and dark vengeance. Seeking revenge and to be reunited with her loved ones, Mina battles against all odds and survives into the twenty first century, until a handsome stranger arrives to document Mina's life who is not quite what he seems...

Acclaimed author Syrie James approaches Bram Stoker's classic Dracula with a breathtaking new perspective—as, for the first time, Mina Harker records the shocking story of her scandalous seduction and sexual rebirth. Who is this magnetic, fascinating man? And how could one woman fall so completely under his spell? Mina Harker is torn between two men. Struggling to hang on to the deep, pure love she's found within her marriage to her husband, Jonathan, she is inexorably drawn into a secret, passionate affair with a charismatic but dangerous lover. This haunted and haunting creature has awakened feelings and desires within her that she has never before known, which remake her as a woman. Although everyone she knows fears him and is pledged to destroy him, Mina sees a side to him that the others cannot: a tender, romantic side; a man who's taken full advantage of his gift of immortality to expand his mind and talents; a man who is deeply in love, and who may not be evil after all. Yet to surrender is surely madness, for to be with him could end her life. It may cost Mina all she holds dear, but to make her choice she must learn everything she can about the remarkable origins and sensuous powers of this man, this exquisite monster, this . . . Dracula!

It has been some years since Jonathan and Mina Harker survived their ordeal in Transylvania and, vanquishing Count Dracula, returned to England to try and live ordinary lives. But shadows linger long and, the older their son Quincy gets, the deeper the shadows at the heart of the Harker family. Whilst, on the Continent, the vestiges of something forgotten long is finally beginning to stir.
