The Ruptures of American Capital examines women of color feminism and racialized immigrant women's culture in order to argue that race and gender are contradictions within the history of U.S. capital that should be understood as marked by its crises. Interweaving discussion of U.S. political economy with literary analyses, Grace Kyungwon Hong challenges the fetishization of difference that is one of the markers of globalization.

The Ruptures Of American Capital: Women Of Color Feminism ...

The Ruptures of American Capital demonstrates that racialized immigrant women's culture has brought to light contested modes of incorporation into consumer culture. Interweaving discussion of U.S. political economy with literary analyses (including readings from Booker T. Washington to Jessica Hagedorn) Hong challenges the individualism of the United States and the fetishization of difference that is one of the markers of globalization. Grace Kyungwon Hong is assistant professor of English ...
