In her highly-anticipated nonfiction debut, humorist and popular blogger Susannah B. Lewis (Whoa! Susannah) uses dry wit and an eye for the absurd to find laughter in even the most challenging circumstances. Millions of online fans have flocked to Susannah B. Lewis's hysterical, take-no-prisoners videos that capture her uproarious yet deeply faithful view of the world. Now she brings to book form her keen eye for the absurd as she reveals her experiences growing up in a small Tennessee town. From the time an escaped albino panther wandered into her backyard to the Thanksgiving when an egg in the table's centerpiece hatched a baby chicken to the kind neighbors who brought casseroles in Tupperware for months—even years—after her father died when she was just eleven years old, the stories she tells delve deeply into the rich culture of the South that molded her. Clinging to the promises of God in times of grief and looking for every opportunity to laugh, Lewis is the wry yet wise girl next

Is it possible to be a judge and have a sense of humor too? Judge Vanessa Gilmore shows us that the answer is a resounding yes! In this humorous, autobiographical collection of short stories, Judge Gilmore reveals a glimpse of life on and off the bench. A master storyteller, and a lover of all things funny, Judge Gilmore would often regale her friends at parties with tales of her life. When she related a story about a criminal defendant who was flirting with her as she took his plea, and another who dressed as king during his trial, her friends insisted that these stories could not be true. This book shows us that life really is stranger and funnier than fiction. From hilarious tales of flirting criminals and fighting lawyers, to heart warming stories of time spent mentoring young girls, we see it all through the eyes of a judge. Vanessa found humor when a man in a restaurant insisted that she should stop saying she was a federal judge because it just sounded too far fetched and vindication when her young son asked if boys could be judges too. This book will leave you laughing and asking if life as a

New York Times bestselling author, superstar comedian, and Hollywood box office star Kevin Hart turns his immense talent to the written word by writing some words. Some of those words include: the, a, for, above, and even even. Put them together and you have a “hilarious but also heartfelt” (Elle) memoir on survival, success, and the importance of believing in yourself. The question you’re probably asking yourself right now is: What does Kevin Hart have that a book also has? According to the three people who have seen Kevin Hart and a book in the same room, the answer is clear: A book is compact. Kevin Hart is compact. A book has a spine that holds it together. Kevin Hart has a spine that holds him together. A book has a beginning. Kevin Hart’s life uniquely qualifies him to write this book by also having a beginning. It begins in North Philadelphia. He was born an accident, unwanted by his parents. His father was a drug addict who was in and out of jail. His brother was a crack dealer and petty thief. And his mother was overwhelmingly strict, beating him with belts, frying pans, and his own toys. The odds, in short, were stacked against our young hero. But Kevin Hart, like Ernest Hemingway, J.K. Rowling, and Chocolate Droppa before him, was able to defy the odds and turn it around. In his literary debut, he takes us on a journey through what his life

was, what it is today, and how he's overcome each challenge to become the man he is today. And that man happens to be the biggest comedian in the world, with tours that sell out football stadiums and films that have collectively grossed over \$3.5 billion. He achieved this not just through hard work, determination, and talent. "Hart is an incredibly magnetic storyteller, on the page as he is onstage, and that's what shines through [in this] genial, entertaining guide to a life in comedy" (Kirkus Reviews).

One of the most popular questions cops get asked is "What's the funniest thing that's ever happened to you on the job?" Well, we set out to gather a few funny stories from across North America and compiled them into this eBook with some stories you will want to read again and again to laugh at and share with your friends. So many times in the career of law enforcement officers, you end up saying "You just can't make this stuff up!" So, here are some insights as to the sorts of things that we have laid eyes on or experienced that we hope you'll enjoy! Please be aware that the stories in this book are REAL and some involve recounting nudity or other PG-16+ situations that you may want to consider if you find such real situations (that cops see and have to learn to laugh at) offensive.

Creative nonfiction is the literary equivalent of jazz: it's a rich mix of flavors, ideas, voices, and techniques—some newly invented, and others as old as writing itself. This collection of 20 gripping, beautifully-written nonfiction narratives is as diverse as the genre *Creative Nonfiction* magazine has helped popularize. Contributions by Phillip Lopate, Brenda Miller, Carolyn Forché, Toi Derricotte, Lauren Slater and others draw inspiration from everything from healthcare to history, and from monarch butterflies to motherhood. Their stories shed light on how we live.

The stories you've all been waiting for and then some...By far, when cops end up in conversations with people that know they're a cop, they will inevitably be asked one of two main questions: "What's the scariest situation you've ever been in?", and "What's the funniest or craziest thing you've ever seen?" A couple of years ago I had asked for cops to submit the stories you just can't make up and we put out the first edition of those edited collection of stories. A few months ago, I asked for a fresh round and the latest stories in this revised and expanded version of the book do not disappoint. The book isn't meant to be perfect in grammar, punctuation or even super long. Not every story is something that people might find

These Cop's ok. What it can be, however, is a quick read to lighten the mood and get a glimpse of what cops see and deal with regularly that we can all look back and laugh at and truly understand why Hollywood has nothing on real police work because you truly just can't make this stuff up. So, grab your favorite beverage and thumb through the book. Most of the stories in this book are those that I lived throughout my life. I recently retired, and I had the time to write these stories down. At least as many as I can remember (memory may not my best trait anymore). Someone often says something that triggers the depths of my memory. I wrote down a note to remind myself, and then I added that item to this book. There are over 230 such stories here. I removed the names and places from my stories, to protect the innocent.
